

NILSONGROUP SUPPLIER LIST

This is the list of our suppliers, making private labelled shoes for NilsonGroup during the year 2016. NilsonGroup doesn't own any factories and therefore work closely with the suppliers producing our shoes. The choice of supplier is important, we need to choose the correct supplier for each product to attain the quality, price and look that we want to have.

One of our aspirations is to be transparent regarding who is making our shoes, and this list is one step in our journey.
